

SAURON (TL 2173) F.1*

Hybrid oxheart tomato variety with strong plants, good leaf coverage, recommended for open field cultivation for professional growers and home gardeners. Fruits have a uniform size of **300-350 g**, a nice ribbed shape, evident green shoulders with an attractive colour when turning to red. SAURON is also very flavoursome with meaty flesh and good firmness. **Plants are well-balanced and early maturing**, producing clusters with 4-5 fruits all over the plant and guaranteeing high yield throughout the cycle.
