

MLAN 1001 F1*

An excellent Ananas-type hybrid with yellow-orange flesh and fine, netted rind. This hybrid is uniform and round-oval in shape. It has excellent fruit quality for tasting and sugar. Plants are medium vigorous, with very good leaf coverage. MLAN 1001 has high resistance (HR) to *Fusarium oxysporum* f.sp. *melonis* and intermediate resistance (IR) to powdery mildew (Px).
