

QUADRUS F.1

Yellow blocky pepper hybrid selected for its excellent characteristics. Fruit shows good size (11x13 cm), with 10 mm thick flesh, and weight of 500g. Good shelf life and tolerant to transport. The plant is compact and vigorous with up-right habit, good leaf covering that prevents any sunburn. The cycle is medium-early and the ripening is contemporary. Good behaviour also in protected cultivation. High resistance (HR) to Tobamovirus (Tm:0-3).
